MOHAWK SHAFT SINKING MAKES GOOD PROGRESS

The new shaft at the Mohawk property south of town is making good progress and was down to a depth of 62 feet on Friday. A half set was placed Friday and Saturday.

For some feet a heavy flow of water has been encountered from what appears to be an old shaft or winze which closely parallels the present workings but this has greatly lessened and it is not expected that there will be further trouble from that quarter. Several times the wate raised fifteen feet in the shaft in 20 minutes. The pumps were put to work in addition to the ejector and have gept the working clear for operations.

The old winze is probably the last remnant of early day mining as the best information available is to the effect that the Mohawk ground was not worked below the water level to any extent and the company will have virgin ground to explore when the 200 level is reached. At this level crosscutting will be undertaken to locate the orebodies known to exist.

The property is operated by the Yakima Mohawk Mining Company, financed by Washington interests headed by John Sawbridge as president. M. E. Olsen is superintendent in charge of operations.

FIRE DOES DAMAGE AT SMARTSVILLE SUNDAY

ROUGH AND READY Feb. 25 (Spcial to The Nugget) Fire yesterday destroyed th Smartsville Hotel and two residneces before it was brought under control. Further details are lacking owing to the telephone service being disrupted.

FOX MOVIETONE FILMS OF IDAHO MARYLAND

Cinematographers from the Fox Movietone laboratories are to be at the Idaho Maryland mine probably on Wednesday of this week to take sound movies of the mine workings above and below ground. This will be the first time so far as known that sound pictures of gold mining will be taken. This will be a wonderful advertisement for our leading industry.

BRADLEY ELECTED AS PRESIDENT OF MINERS

Fred W. Bradley of San Francisco has been elected the past week as president of the American Institute of Mining and Metallurgical Engineers which held its meeting in New York. This is of especial significance to Nevada county where Mr. Bradley has been interested for a number of years. One of his companies is opening up the large Spanish group in the Washington section.

WERNER MEDICAL OFFICE IS MODERNLY EQUIPPED

The rebuilding of the interior of the Muller Building has been completed by Dr. R. F. Werner and he now has one of the most modernly equipped offices to be found anywhere.

Three new rooms have been added all electrically heated. One is for surgical use one is for X-Ray work and one is for physiotherapy.

Office hours are now being maintained from 11 to 12 mornings and 2 to 5 afternoons.

George W. Hegarty Jr. has gone to Martinez for an indefinite stay.

Joe Spence of Grass Valley paid a $25 fine in the local court the past week on a traffic violation charge.

Mis Rose Hamilton of San Francisco is the guest of Mrs. George Hegarty for a week.

Lester Hegarty of Associated and Ccil Hegarty of Vacaville spent the weekend with their mother Mrs. Ros Hegarty.

TURPENTINE FACTORY WORK STARTS THIS WEEK

Construction work on the new turpentine factory of the California Timbr Products Company will be started this week with the building of a 15 ton concrete storage vat and the office building which will be welcome news.

The vat which will be of reinforced concrete will be 10 by 11 feet in size and 4 feet deep. The hanging of cups will be commnced as soon as the danger of freezing weather is past.

BIDS WILL BE CALLED HIGHWAY MARCH 20TH

Bids for the construction of nearly twelve miles of the Tahoe Ukiah highway east from Nevada City will be called by the state highway commission on Wednesday, March 20th, and it is expected that shortly afterward dirt will be flying. Due to the energetic work of O. D. Woodman and state right of way agent, White, the work of securing the necessary rights of way was cleaned up in short order some time since.

The plans and specifications call for a twenty four foot roadway with 20 feet of oiled macadam five inches thick for a distance of 11.7 miles east from Nevada City which will take the construction to one mile of the Junction House. If a favorably priced contract can be secured it is probable that the work may be continued to the Junction. If a suitable supply of surfacing rock can be obtained nearer than the Idaho Maryland mine dump it will mean a great saving in the price of material. The rock from the dump is listed as being satisfactory material and unless a closer supply is obtained it will be used.

The funds allotted to the construction total $300,000 and will give a high class road for nearly half the distance to Emigrant Gap. The commission will likely continue the construction eastward soon after the completion of the pending contract. It is expected to take an easy descent into Bear Valley and to continue along Lake Spaulding and cut into the Victory Highway near Crystal Lake. Not a great deal of the present highway up Harmony Ridge will be used owing to the fact that the new highway will not have a gradient exceeding six percent.

The local boosters should arrange a special event for the turning of the first shovel of dirt it will mark a new epoch in the future life of this community.

COLD WEATHER INTERFERING

William Lichtenberg was down from the Brush Creek property Friday and reported that the cold weather was interfering with the operation of the mine in keeping the water at a freezing temperature.

SCADDEN LAYS CORNERSTONE

District Deputy Grand Exalted Ruler Philip G. Scadden laid the cornerstone of the new Elks Temple at Marysville Friday afternoon in the presence of a large number of members of Nevada City lodge and from other points. Mr. Scaadden is being kept busy with a large number of official visits.

G. J. Rector, Fred F. Cassidy, Raglan Tuttle, C. E. Parsons, W. E. Wright, and W. B. Celio have been named as directors of the Nevada City Chamber of Commerce. Arthur W. Hoge has been named vice president.

Nevada Masonic Lodge received an invitation to attend the laying of the cornerstone of the new State Teacher's College at Chico on March 8th. John W. Darke 1 shandling the arrangements for local members.

Glen Pierce was bitten by a large German police dog on the Herman place at Chicago Park last week. Infection having set in he was removed to a Sacramento hospital for treatment.

James Brady of You Bet is suffering from an infected thumb, caused by a splinter.

The Scout Leaders Association of this district will meet in Nevada City Wednesday evening of this weekin Elks Hall.

EXHIBITS DRAW ATTENTION AT NUGGET OFFICE

Two new mineral exhibits in the windows of The Nugget office have been creating widespread interest the past few days. One is a large chunk of cemented blue gravel from the Neocene workings north of town. The other is several chunks of highly mineralized rock from the properties being opened up by the Hoge Development Company.

The gravel is one of the finest specimens of cemented gravel shown here and carries fine values throughout. The Neocene interests are opening up a large area of pay gravel which should make large returns as it is washed. With the wide scope of territory held by the Neocene Company makes it possible to conduct operations on a large scale. This company is expecting to close deals for other gravel properties in this section. It is being financed by Southern California capital which is coming into the district in increasing measure seeking investment.

The Hoge company is opening some of the most promising looking quartz taken out in years in this section. A large number of Cousin Jacks have been tasting, biting and smelling the samples on display and pronounce them to show a lot of arsenical sulphides which run high in values.

The Nugget office and the Nevada County Mining Bureau are playing an important part in developing the mineral resources of the county and advertising them to the world at large.

FOSTER SELLS STORE

Ray O. Foster, president of the Twin Sister Mining Company operating the Twin Sister mine at Snow Point, has disposed of his store at Talmadge in Mendocino county and will give his full time to the company affairs. The property operations have made rapid progress under his supervision and but for the unprecedented cold snap which put his water power plant out of commission the work in No. 3 tunnel would be proceeding at the present time.

PAY GRAVEL AT NEOCENE MINE IS LOOKING FINE

Following the story in The Nugget last week covering the developments at the Neocene gravel property at Cement Hill, a great deal of interest has been manifested in the developments at this mine which looks to be in for an era of extremely profitable production. With a large area of auriferous gravel already exposed in the new workings and values in the preliminary washing showing from two to two and a half per car, operations are rapidly getting under way after some months of development work.

The main drift is now in the blue gravel channel a distance of 82 feet and the bed rock is still pitching and the bottom has not yet been reached. The main crosscut is in a thick bed of white pay gravel a distance of 27½ feet with the bottom not yet reached. A connection has been made with the old workings which affords excellent ventilation for the mine. With but little water to contend with now makes fast driving of the drifts. The old workings were under the gravel beds no raises having been run to determine their location.

Around thirty five cars a day of gravel is being washed, this coming from the development work ntirely. Later when the channels have been thoroughly developed the gavel will be blocked out in areas siutable for removal. The new 140 foot sliceways are being installed below the settling tank and will speed up the washing operations greatly. The white gravel running through the sluices makes a pretty sight.

Treasurer and Engineer Edward Nolan has been at the property for several days and expressed himself as highly pleased with the showing that has been made. The work of Supervior R. A. Eddy in fixing up the county highway the past few days is deserving of considerable praise as it has made possible better trucking conditions in getting materials to the mine.

BORN—To Mr. and Mrs. J. M. Rosynski of Nevada City, Wednesday, a son.

JIM STEWART WRITES OF EARLY PLACER MINING DAYS

(By James D. Stewart)

Continued from last week

Fred H. Tibbetts, chairman of the irrigation section, brought A. L. Wisker, manager of the Nevada Irrigation district, as a speaker. Mr. Wisker, from start to finish, of his paper was able to show the benefits of hydraulic mining as proposed without injury to anyone and a decided gain to the farmer depending on irrigation.

At each of these meetings after the main speaker had finished, the balance of the meeting was given over to a general discussion of the various phases of hydraulic mining as affecting other industries. Sitting about the table were keen men, mostly engineers, representing irrigation, power, harbor, development, members of the California Debris Commission and other engineers and men generally abreast of the times in seeing California forge ahead.

Arthur Jarman, engineer who made the survey of the conditions in the hydraulic area for the 1926-27 legislature, was most faithful in his attendance, as Walter Bradley, now state mineralogist.

It is at such meetings as this that the hydraulic miner stands out to the best advantage. Such a body of men are not swayed by political bally hoo. That has been the standby the opposition. They deal in anything but facts and uninitiated people are stampeded by their cries sprinkled with a liberal use of gigantic, stupendous, monstrous, etc.

At these meetings they were rather chagrined that such slop failed to register and immediately went to the newspapers charging the club with prejudice, tc. Their engineer was very much embarrassed by such actions, for he was earnestly and honestly endeavoring to present the opposition's side in the most favorable light, which was no small task. The writer has led rather a stormy life of opposition to those not agreeing with him, but has never been pitted against a finer, and more able opponent than Otto Von Geldern.

As stated before, the meetings were called each two weeks, from August 10, 1927 to April 12, 1928, at which time the mineral section of the Commonwealth Club of California decided unanimously in favor of the hydraulic miner.

The next step was the presenting of the section's report to the club as a whole. This was done the evening of April 19, 1928 in the gold room of the St. Francis hotel.

Otto Von Geldern was designated to present the argument for the people of Sutter county, and the writer was chosen to presnt the case for the hydraulic miner.

The next of these series will deal with some of the things that happened. and facts brought out at these meetings.

If it were not for the tragedy of the history of the confiscation of the hydraulic miner's property and the utter annihilation of his home and happiness the argumnts of the opponnts of hydraulic mining before the Commonwealth Club would surely furnish the comedy.

To be continued

Prentis Smith, while hewing a timber at the Neocene gravel mine at Cement Hill, cut a gash in his leg the past week.

E. L. Dudley, son of Supervisor and Mrs. E. B. Dudley of North Bloomfield has entered the employ of the Bank of America in the Nevada City Branch.

Albert Buck of Lincoln, who aspired to the post of assemblyman from this district but withdrew in favor of Jerry Seawell prior to the general election last November, was a Nevada City visitor Friday.

MINING LOCATIONS ARE PLACED COUNTY RECORD

Left Over placer claim in Washington Mining District has been located by U. H. Stuart and James Irwin Fowler, W½NW¼NE¼NW¼, E½NE¼NW¼NW¼, W½NW¼NW¼, W½E½NW¼, Sec. 24, T17N, R10.

RISING SUN CUTS INTO NEW ORE BODY

Development work at the Rising Sun property is said to be producing excellent results in opening up the Shaft ore shoot which has shown good production in the past year. Manager E. C. Klinker reports two drifts being run on the 600 level and the 900 foot shaft is to be sunk another 100 feet to open up the shoot. An ore body opened on the 600 shows a width of eight feet and is estimated to mill around $50 a ton. Over $1500 worth of ore was milled from the sinking operations. The property is equipped with a 20 stamp mill.

WATER RESOURCES HEAD WAS A VISITOR HERE

Harold Conkling of Sacramento, chief of the Division of Water Resources of California, was a Nevada City visitor Friday afternoon and a caller at The Nugget office. Mr. Conkling is charged with the duty of apportioning the water resources of the state to applicants and has proven an efficient and painstaking official in that exacting work. His family has been a large investor in the Western Mines plan of opening up the Providence drain tunnel and he has been keeping in close touch with dvelopments.

FORMER NEWSPAPER MAN VISITS IN NEVADA CITY

Haven A. Mason, who formerly edited the Truckee Republican in the late '80ties was a Nevada City visitor Saturday and was a pleasant caller at The Nugget office. He has been the efficient secretary of the League of California Municipalities for a number of years past. He recalled a number of the men who made newspaper history in Nevada City in years past.

NEVADA CITY LUNCH ROOM OPENS TODAY

The Nevada City Lunch Room in the building next to the Alpha store reopens today under new management and will feature home cooking. Mrs. Emma Millen, formerly of Tucson, Arizona, will be the manager and will have associated with her, Harry Douglas, who has had restaurant experience.

Mrs. Millen has had long experience in home cooking and tea rooms and makes a specialty of fine coffee. The Lunch Room opens with dinner today and will serve meals on Sundays. The agency for the Freeman Bakery goods will also be carried with a full line of bread and pastries.

WINGS IS COMING TO BROADWAY THEATER

The listing of coming attractions at the Broadway Theatre in this issue will be found the interesting announcement that Wings, the great epic of the air is coming next week. This picture is said to be a real thriller and one of the finest ones filmed during the past year. Manager Tamblyn is to be congratulated on his signing this picture and patrons should turn out in large numbers to see it and encourage the showing of such high class films. They cost real money to secure and if the patronage doesn't justify their continuance the theater owner naturally has to show what the people are willing to pay for.

Rev. Father P. O'Reilly is driving a new car of a popular make.

BRADLEY GIVES INTERVIEW OUT ON GOLD MINING

Walter W. Bradley of San Francisco who succeeded Lloyd L. Root as State Mineralogist last year was a Nevada City visitor Friday and Saturday on a trip of inspection to some of the leading mining properties. Saturday morning he spent six hours in the workings of the Idaho Maryland in company with General Manager Errol MacBoyle and Superintendent Albert Crase. He expressed himself as highly pleasd at the showing made in the new workings on the 1900 level and took several specimens of jewelry rock with him to the city for the large display at the Ferry building maintained by the state. He statd that there are not many mining camps in the country that have the plasant surroundings of the Nevada City-Grass Valley district.

He reportel the mining situation as looking up in good shape and that the larger dvelopments in gold mining look to be in this section of the state. The actoin of Governor C. C. Young in recommending the sum of $20000 in the budget for the state division of mines to begin a comprehensive geological survey of California will do a great deal to stimulate mining activity and there is a probability that this may work into a ten year program. This will provide much needed information for the industry.

An interesting bit of information is that C. A. Logan in charge of the Sacramnto office is completing a report on Sierra County mining which will be out in a few weeks.

Mr. Bradley wno has been connected with the division of mines for the past 17 years is the first member of the staff to be promoted to the position of chief. His promotion was a merited one. He was accompanied by Mrs. Bradley and while in Nevada City they were the guests of The Nugget publishers.

PAST EXALTED RULERS FILLED THE STATIONS

The Past Exalted Rulers filled the chairs at the annual meeting of the Amen Corner Thursday night in Nevada City Elks Lodge and conferred the initiatory degree on three candidates in a very acceptable manner. A. M. Holmes took the post of Exalted Ruler and gave an impressive rendition of the ritual of that station. J. F. Colle as Esteemed Lecturing Knight George H. Calanan as Esteemed Loyal Knight and J. W. O'Neill as Esteemed Leading Knight, R. I. P. Bigelow, Inside Sentinel, S. Lee Leiter as secretary and R. Carr as Esquire filled the other chairs. The candidates were W. A. Doctor J. P. Muscardini and T. J. Allen.

Turkey sandwiches and coffee made up a tasteful buffet luncheon following the degree work.

HYDRAULIC MINER PASSES

John C. Hussey, who worked in the hydraulic mines at You Bet a number of years ago and later in the Grass Valley section, passed away the past week at Woodland. Funeral services were held yesterday afternoon at St. Canice's Catholic church.

A CORRECTION

In th advertisement of the Clinch Mercantile Company in this issue the price of the Laying Mash should be $2.89 per sack instead of $2.84. Virdens Picnic Hams avraging 5 to 7 pounds will be sold at 20c per pound. All brands Milk by the case at $4.79.

The Mountain Messenger takes exception to printed statements regarding the McCarty ranch near Downieville which is to be oprated by Grass Valley interests.

NEW PLAY ROAD IS AFTER OUR HIGHWAY

The survey for the "play road" for the people of Marysville, connecting the present Nevada City-Downieville highway at Indian Valley, with Clipper Mills, Butte county, made by County Surveyor George F. Taylor, of Downieville, has been turned in, and a lengthy discussion of it has appeared in the county seat paper of Yuba county.

A lengthy discussion as to the sort of country it will cut, the amount of earth and rocks to be moved, the culverts, bridges, etc., but no mention has been published relative to the cost of this "much needed" stretch of highway. It is presumed that those trying to get the money for its construction are rather reluctant as to stating the cost of consruction. A number of years ago this same road discussion was had, and another Sierra county engineer who was greatly interested in it, estimated the cost of construction to run at $25,000 per mile. This was before the war, and it is presumed that the cost would be at least that much or more at present, not counting the cost of building five bridges. Those in charge of trying to figure a way of getting the money, plan to try to get it from Sierra county (who, so far, has been unable to build the culverts and bridges in the state highway which passes through their county) Butte county, which apparently has roads enough, Yuba county, which is road poor, the highway commission, who should have plenty of use for their money without putting it on such a non-essential piece of country, and the federal government, which unless politics were put in play, would not have any reason to help build such a road.

The report gives the present Downieville-Nevada City highway a slap where it refers to the turns on the highway, stating that the new road will have no such turns, etc. The new road must climb one of the most rugged canyons in the state, and how it can wind up there without any turns is a mystery.

Marysville and Oroville have an idea that after this new road is built that they can then "coax" the tourist to leave the mountain highway and pass through the hot, sweltering, desert valley, instead of continuing a pleasant journey thru the cool mountains, through Nevada City, Grass Valley and Auburn.

However, after all, maybe it will be a good thing, for as the tourist passes through Sierra county, he can see what a mining section is like, and then as he passes through this rich and fertile, luxuriant valley, a border to Paradise, with its flourishing trees heavy laden with propseprous fruit, he may realize that it was hydraulic mining that made the land where these prosperous towns and fertile farms thrive, the rich soil of the hills, washed to the valley is what made the farming land there to-day, and their farming is like their road building, with no regard for their neghbors, for even now, in the Legislature, the St. Patrick of California, is trying to put a lid on the hydraulic nozzle for ever more. Watch the lid.

CAMPTONVILLE PERSONALS

Mr. and Mrs. J. E. Weaver of San Jose spent the past two days in this section inspecting the country, coming in quest of some western yew wood. Mrs. Weaver is an ardent archer, and wanted the yew to make bows, and was about to go to the state of Oregon for this wood, until a friend informed them that they could obtain it in this section.

There is quite a bit of yew at this altitude, it growing in the damp ravines in rocky, wet, soil, and some very pretty specimens adorn the little streams near town. That which the Weavers took away with them came from the Joubert property at Oak Valley.

Within a few weeks, a good piece of improvement will be made on the bad turn at the Bullards Bar dam, at which time the bad grade and dangerous steep part will be eliminated. Many people have been under the impression that this piece of work was aimed to correct the entire road between this place and Dobbins, but this is not the case, this improvement was voted by the board of supervisors to make this bad place, in fact the only place which can be considered dangerous on the entire road, safe, and do away with the possibility of an accident. County Surveyor Jason R. Meek has charge of this work which will start shortly.

Supervisor W. J. Mellon has ordered another improvement job on the Pendola road. As soon as the deed is signed this entire road will belong to the county, in the past it having been partly a private road.

The upper road to Garden Valley will shortly be improved. This road has been practically abandoned for the past few years, the mining operations there having cut out the lower end of it. The grade remained in good shape, however, as Forest Ranger Frank W. Meggers, put in water breaks and kept it from washing out. Since the dredger on Garden Valley changed hands, it is the desire of the new management to have the upper road repaired, which is the best and shortest way to town. The dredger people have already put the lower end of it in shape so that it will be passable, and the county will put the upper end in shape, and then it will be open to traffic again. The other road which they have been using to go to Garden Valley on was really not a county road; it was constructed in the earlier days by W. B. Meek to haul lumber from their mill to the Colgate flume.

Mrs. Ursil Foley returned to her home in Oakland after a visit of several days here with Mrs. J. M. Foley and family.

EDITORIAL

On February 12 and 22, we celebrate the birthdays of two supreme Americans—two of the greatest men the world has ever known—Abraham Lincoln and George Washington. We are not merely celebrating their birthdays, but we are commemorating the birth and the binding of our nation. These days are not merely holidays, but occasions for the American people to realize what these men have done for us.

On the birthdays of these men we should ask ourselves if we are good Americans and if we are living up to American ideals. Washington and Lincoln have endured hardships and given their time to the cause of the American nation. It is the duty of the American people to preserve what they have done.

At the Nevada City high school, Friday, there was a program given in honor of Gorge Washington. This program was given in accordance with the California school law which requests the observance of this day, and to bring again before the pupils of our schools the great work done for our country by George Washington.

TEACHERS VISIT SCHOOLS

Friday, February 15, was visiting day for Mr. Kjorlie and Wednesday 20, for Miss Hoffman. They both visited the Auburn high school. A day for visiting is allotted to each teacher by the Board of Education. This is done in order that teachers in different schools may become acquainted with new ideas and methods of teaching. Mr. Kjorlie visited the history and civics department while Miss Hoffman visited the English department.

HONOR SOCIETY PARTY

At 8 o'clock, Friday evening, February 21, the Nevada City honor society entertained the Grass Valley honor society and the faculty of the Nevada City high school at a party held in the English room of th high school. The room was decorated with American flags in recognition of Washington's birthday. Games and whist were played during the evening. Refreshments were served by the hosts. A good time was reported by the guests.

ROUGH AND READY JOTS

ROUGH and READY, Feb. 23, (Special to The Nugget)—Thursday February 14th, the puipls of the Pleasant Valley school entertained the pupils of Rough and Ready at a Valentine party. Miss O'Connor, the teacher, had a program prepared commemorating Valentine's day, and Lincoln's and Washington's birthdays. After the program and Valentine box, candy and cookies were served. The following were present as guests: Mrs. Ted Schwartz and son of the French Corral school, Mrs. Henry Beck and pupils of Kentucky Flat, Mrs. M. Wilson, Mrs. M. Frank, Mrs. F. Abbott, Mrs. F. Seley and Mrs. R. L. Capps of Rough and Ready and also the pupils of the local school. A very delightful afternoon was spent by all.

Friday afternoon Rough and Ready had their program and Valntine box. Mrs. F. Davey and Mrs. F. Weber brought the pupils of the Pleasant Valley school over.

Ray Abbott, eldest son of L. C. Abbott of Oakland is very ill. He had an operation on his mastoid glands two weeks ago and does not seem to show any improvement.

A. E. McCrea, local ditch tender, is still ill in bed. He has been ill for over a year.

Mr. and Mrs. W. Stevenson of Colorado have moved into the Single house. Mr. and Mrs. Single have gone to Sacramento to live.

Supervisor Frank has been doing some road work on the Spnceville road and has now transferred his men to the cross road between Indian Springs and the McCourtney road.

Mrs. Chas .Schindhelm and sister, Mrs. John Meyer of Butcher ranch, Placer county, spent Wednesday afternoon with Mrs. F. L. Abbott and Mrs. R. L. Capps. Mrs. Meyer lived at the old Iron Clad mine several years ago and will be remembered by old frinds as Mrs. G. C. Hay.

Several pupils have been absent from school the past week owing to bad colds.

Walter McCrea, who has been staying with his brother, A. E. McCrea the past week, returned to his home at Lime Kiln.

The regular meeting of the Home Dpartment was postponed from February 20 to February 27. The Home Department gave a play and basket social and dance. The characters of the play were all taken by Home Department members. Everyone was well pleased with it. There was also a duet by Mr. Chester Loney and Mrs. H. Nile, a monologue by Mr. Smith, a song by Mrs. J. Wolffe and a Valntine dance by Mrs. Graser and daughter. Garfield Robson acted as auctioneer.

Mr. and Mrs. Carlson, and son and daughter came over from Chico to visit with their daughter, Mrs. Williams, and to attend the play gfliven by the Home Department.

Mrs. Effie Todd of Wyoming is visiting her parents, Mr. and Mrs. Townsend.

The almond trees are in blossom here.

CAMPTONVILLE PERSONALS

During the past three years, since the abolition of the old township, the local people have been without any officers of any kind, and put to a very great inconvenience if they had any small legal matter to attend to by having to make a special trip and expense to go to the county seat a distance of fifty miles just to attend to it.

Peter Peterson left Monday for Marysville on a visit to relatives.

George S. Porter of Pike City was in town on business Monday.

Miss Eileen Godfrey of Pike City returned to Grass Valley Monday after spending a short visit with her mother.

Levi W. Turner made a business visit to Browns Valley a few days ago.

Mrs. F. S. Labadie made a brief business visit to Grass Valley Monday.

Mrs. Fern Cook, teacher at Pike City left Thursday for her home at Alameda on a short vvisit.

Albert C. Sommers and party of friends were up from Marysville a few days ago on a short visit.

Mrs. Dave Humphrey and Mrs. Jos. Sommers spent Wednesday in town visiting friends.

The following were registered at the Hotel Francis during the past few days: Mr. and Mrs. Hardy Charles, San Francisco; Mr. and Mrs. J. E. Weaver of San Jose; and Z. E. Carretz of San Francisco.

A small number of cases of the mumps are rported among some of the children of the town.

Forest Ranger Frank W. Meggers motored to Nevada City Thursday on business.

CAMP PROTECTS RIGHTS AT INDIAN HILL MINE

CAMPTONVILLE, Feb. 22, (Special to The Nugget)—F. W. Camp, superintendent of the Indian Hill Mine, was called away a few days ago on account of a legal action brought against the property.

Camp and Shanks took over the proprty late this fall from the Frank S. Morgan Company, former operators, who had not made a success of the enterprise, and it is alleged that they stopped operations with a number of outstanding bills. Some time after Camp was on the property, and endeavor was made to force the Morgan Company to pay the accounts at this time, and legal action was instituted which prevented operations.

Frank Camp is an old timer, experienced mining man, having been in the mining game all his life, coming from Colorado, and spending much time in Alaska for the government. He has taken 6000 pounds of powder in, and has worked very hard since November getting the property in shape for the winter run. The local people are in sympathy with him, and hope that he wins the suit and is able to continue with the property.

The Keystone Market, owned by Calanan and Richards, has installed a new ice machine. It is of the ammonia type and is rated at one and one half tons capacity.

Arthur Christiansen had a piece of steel lodge in his eye while at work. Dr. Tickell removed it. It was very painful.

The members of Adahi group of Campfire Girls gave a Valentine party Friday night in the Methodist church parlors. A had a most enjoyable tmie.

Mr. and Mrs. A. C. Richards are here from Brekeley visiting relatives.

Mrs. J. R. Kneebone and Mr. and Mrs. H. Ciemo were visitors in Marysville Wednesday.

Attorney Lynn Kelly was a business visitor in Auburn Tuesday.

It's The Reserve That Counts

In all the games of life, the victories go to those who have something in reserve. In muscular activities, it is the man who has the most stored energy upon which he can draw, that determines who will win. In war the armies with the greatest reserves, usually hold the balance of power. This holds true in matters of business as well. A well fortified reserve is a big aset for any business or for any man.

A savings acocunt is the best method of buliding up a reserve that will prove worth all the sacrifice it may cost. No one can tell when he may need it. The wisest policy is to start saving and build up to the day when the reserve will determine some important turning point in your life.

THE NUGGET INDOOR SPORT COLUMN

GOYNES MAKE BETTER SHOWING IN BOWLING

The surprise of the past week in the Elks bowling tournament was the showing made by the Goynes, who annexed four points at the expense of the Schemers. A few more nights lik that and the Boiler Makers would be a real threat in the league. By rolling three 750 games, the Celios piled up four more points and are now in the lead in the field with 18 points. They have lost but 4 gams out of the 18 rolled so far. The Kopps and Nicklesses are tied for second with 12 each and the Richards and Scheemers have 11 each for third while the Goynes now have 8.

Tamblyn by stellar shooting ran his average up three points and is now in third place in the individual averages, being but one pin behind Pirce who has 159. With Pierce out of the game for several weeks, Bill has an excellent chance to be making a bid for the top rank. He had his ball warking in fine shape Wednesday night and was getting the breaks. He showed high total for the week with 524. Curnow by clever shooting rolled up 502 for second honors while Pierce totalled 498. Tamblyn had 12 strikes and 12 spares for his evening's entertainment.

The strike and spare columns show Curnow leading in spares with 76 for 18 games but he is short on strikes compared with Tamblyn. Bigelow has 63 spares but his strike total is low, which is the same with Percy Carr and Jackson. Si seems to be having trouble getting his first ball to working this tournament which is a common failing with a large number of the pin artists. Hoisting averages is a hard pastime from now on with 21 games to be counted this week in compiling the averages. Mobley has not shown much of his early season form this tournament and has but flasher of real work. Hogan has been slipping for some reason or other. The outstanding work among the young bowlers has been by Hoge who has developed a pretty hook ball which has been mowing the pins down in fine shape lately. He uses enough steam that he can control. Lack of control is a great failing among a number of the bowlers who might otherwise be boosting their averages heavily.

The present tournament has four weeks yet to go and it is probable that either an individual, a two or three man team or a short tournament will follow the present one. There has been quite a call going up for a duck pin tournament which would furnish a great deal of excitement.

A set of duck pins would make it possible for the ladies to do some bowling on the alleys and tend to popularize the sport more. It is to be hoped that the bowling committee will install the duck pins this spring. The talk of challenging Grass Valley to a championship series continues and may become an eventuality.

Dave Bivens motored to Sacramento Wednesday and returned Thursday with his sister, Miss Elizabeth, who was slightly injured in an automobile accident, two other persons being killed at the time.

Mr. and Mrs. Sam Clark were visitors in Sacramento during the past week.

John Togerelli and Dominick Muzetti were brought before Judge H. B. Dow by Game Warden Earl Hiscox and charged with making false statements in regard to their citizenship in procuring hunting licenses during the last season. They plead guilty and each was fined $50.

Sheriff George Carter and Gove Celio left Wednesday evening for McCall, Idaho, and attended the big dog derby races held there. Fred Printz drove the Irish setters owned by George Stonebraker. They won the dog derby which was held at Truckee recently for Nevada county.

Mrs. M. M. Coughlin is out after a recent sick spell.

Standing of Teams

	Won	Lost	Pct
Christoforo Colombo	32	19	.625
Native Sons	30	21	.588
Court Garfield	21	30	.412
Odd Fellows	19	32	.373

Following the failure of the Native Son team to gain upon the leading Colombo pitchers in last week's games it now appears that Court Christoforo Colombo will be returned the winner of the tournament following the concluding games this week.

Tonight Court Garfield and the Odd Fellows will battle at the Foresters Hall and on this series depends the awarding of the honor of entertaining the other three teams at a banquet and celebration meeting to be prepared and served by the prsonnel of the lodge putting up the losing team of the tournament. If the Odd Fellows can make off with all three games tonight they will crowd Court Garfield into the cellar position and the honors await the team standing lowest in the averages.

Tomorrow night the Native Sons and Christoforo Colombo will meet in a final three-game series. Colombo only has to win one game to be returnd the winner of the tournament and apparently has an impregnable position. The Natives have taken to Colombos into camp decisively two games to one in their last two ncounters, but even though the N. S. G. W. should repeat and defeat Colombo again tomorrow night by the same margin it would still leave the followers of the famous explorer still ensconced on the top rung of the ladder. The Natives must win all three games tomorrow night to be returned the winner of the tournament and despite improvement during the last several weeks of play can hardly be expected to upset the powerful Colombo aggregation in straight games.

Last weeks games resulted as follows:

Rore and Sharp, Garfield, defeated Hallett and Craig, Native Sons, 52 to 39; Baker and Coughlin, Native Sons, defeated Farrell and Sondow, Garfield, 50 to 18; Chapman and Eddy, Native Sons, defeated Foote and Jeffrey, Garfield, 51 to 45.

High Scores: Chapman, 43; Coughlin, 37; Jeffrey, 34.

Ringers: Coughlin, 9; Chapman 7; Sharp, 6; Rore, 6; Hallett, 5.

Cicogni and Margaroli, Colombo, defeated Carlson and Zanocco, Odd Fellows, 52, to 19; Roberts and Seamon, Odd Fellows, defeated Joe Zugnoni, Max Solaro and Bruno Zugnoni, Colombo, 52 to 45; Giani and Fradelizio, Colombo, defeated Rickard and Arbogast, Odd Fellows, 51 to 47.

High Scores: Roberts, 31; Margaroli, 29, Fradelizio, 27, Arbogast, 26.

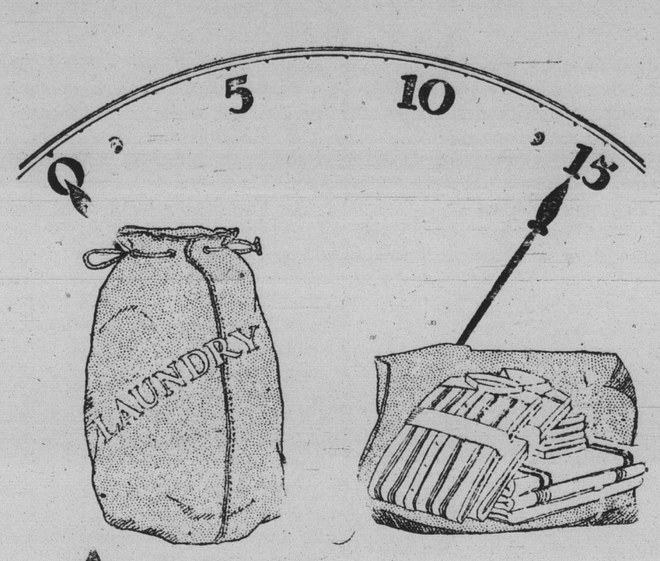

Ringers: Cicogni, 6; Roberts, 5; Fradelizio 5; Margaroli, 4; Arbogast, 4.

Makes Life Sweeter

Children's stomachs sour, and need an anti-acid. Keep their systems sweet with Phillips Milk of Magnesia!

When tongue or breath tells of acid condition,—correct it with a spoonful of Phillips. Most men and women have been comforted by this universal sweetener—more mothers should invoke its aid for their children. It is a pleasant thing to take, yet neutralizes more acid than the harsher things too often employed for the purpose. No household should be without it.

Phillips is the genuine, prescriptional product physicians endorse for general use; the name is important. "Milk of Magnesia" has been the U. S. registered trade mark of the Charles H. Phillips Chemical Co. and its predecessor Charles H. Phillips since 1875.

PHILLIPS Milk of Magnesia

In 5 MILLION HOMES TONIGHT

A host of babies will enjoy sound sleep tonight. And their parents will have unbroken rest. Castoria is the cause of this contentment in a multitude of homes.

Good old Castoria! Children cry for it. Mothers swear by it. Not a household where there is an infant should ever be without it. A few drops of Castoria quiet Baby in a perfectly innocent manner. It is natural slumber that follows. Castoria is a purely vegetable product. No opiates. No narcotics. Of any kind.

Now you know why trained nurses give Castoria as often as an infant is ailing, or even restless. And why doctors tell mothers it is the first and only home remedy when Baby has constipation, colic, diarrhea, or other upset. It is made for babies, and safe to give babies, and other things are not.

Fletcher's Castoria is "old-fashioned" if you count its fifty years, but it's an old-fashioned mother, nowadays, who worries along without it. Twenty-five million bottles bought last year! Think of the number of mothers who rely on Castoria! All these mothers can't be wrong! To keep a bottle in the house is a precaution you owe your little one.

SAME PRESCRIPTION HE WROTE IN 1892

When Dr. Caldwell started to practice medicine, back in 1875, the needs for a laxative were not as great as today. People lived normal lives, ate plain, wholesome food, and got plenty of fresh air. But even that early there were drastic physics and purges for the relief of constipation which Dr. Caldwell did not believe were good for human beings.

The prescription for constipation that he used early in his practice, and which he put in drug stores in 1892 under the name of Dr. Caldwell's Syrup Pepsin, is a liquid vegetable remedy, intended for women, children and elderly people, and they need just such a mild, safe bowel stimulant.

This prescription has proven its worth and is now the largest selling liquid laxative. It has won the confidence of people who needed it to get relief from headaches, biliousness, flatulence, indigestion, loss of appetite and sleep, bad breath, dyspepsia, colds, fevers. At your druggist, or write "Syrup Pepsin," Dept. BB, Monticello, Illinois, for free trial bottle. ●

JOHN W. O'NEILL; A. A. CHARONNAT; I. C. LINDLEY, S. T. ALLEN; NEVADA IRRIGATION DISTRICT, a corporation, AND ALSO ALL OTHER PERSONS UNKNOWN CLAIMING ANY RIGHT, TITLE, ESTATE, LIEN OR INTEREST IN THE REAL PROPERTY DESCRIBED IN THE COMPLAINT ADVERSE TO PLAINTIFFS' OWNERSHIP OR ANY CLOUD UPON PLAINTIFFS' TITLE THERETO, Defendants.

Action brought in the Superior Court of the State of California, in and for the County of Nevada.

W. E. WRIGHT, Attorney for Plaintiff, Nevada City, California.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO: JOHN W. O'NEILL, A. A. CHARONNAT, I. C. LINDLEY, S. T. ALLEN, NEVADA IRRIGATION DISTRICT, a corporation; and also all other persons unknown claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to Plaintiffs' ownership, or any cloud upon Plaintiffs' title thereto, Defedants.

You and each of you are hereby directed to appear and answer the Complaint in an action entitled as above, brought against you in the Superior Court of the State of California, in and for the County of Nevada, within Ten (10) days after the service upon you of this summons, if served within this County, or within thirty (30) days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required the said Plaintiffs will take judgment against you for any money or damage demanded in the Complaint as arising upon contract or they will apply to the Court for any other relief demanded in the Complaint.

The said action is brought by the above named Plaintiffs against the above named defendants, and each of them to quiet Plaintiffs' title to the land and real property described in the Complaint on file in said action and hereinafter particularly described, and to determine the adverse claims of the above named defendants, and each of them, and of all unknown persons to, and clouds upon the title to the said real property and the whole thereof pursuant to the provisions of Sections 749, 750 and 751 of the Code of Civil Procedure of California, and that said real property is situate, lying and being in the County of Nevada, State of California, and is particularly described as follows, to-wit:

All those certain lots, pieces or parcels of land situate, lying and being in the County of Nevada, State of California, and bounded and particularly described as follows, to-wit:

The North West quarter (NW ¼, the West half (W½) of the West half (W½) of North East quarter (NE¼); the North Half (N½) of South East quarter (SE ¼) and the South West Quarter (SW¼) of South East quarter (SE¼) of Section Eleven (11), Township sixteen (16) North, Range 9 East, Mt. D. B. & M.

The object of said action is to obtain the judgment of the Court against said defendants and each one of them, known and unknown as follows:

That all adverse claims to, and all clouds upon the title of plaintiffs to said real property or any and every part thereof be determined by the judgment and decree of said court, and that it be decreed that plaintiffs are the sole owners in fee of said real property and the whole of said real property herein described, being the same real property described in the Complaint of Plaintiffs on file herein and that plaintiffs are in possession of the property and entitled to the possession of the said real property, and the whole thereof, and that the defendants have not, and that no one of said defendants, including the unknown persons made defendants herein, have any right, title, estate, lien or interest of any kind whatsoever, in or to or on the said real property or any part thereof, and that said defendants, and each and every one of them, known and unknown be forever debarred, enjoined and restrained from making or asserting any claim whatsoever in or to said real property, or any part thereof, adverse to plaintiffs, and that the title of said plaintiffs in and to said real property and the whole thereof be forever quieted and adjudged good and valid, and for such other and further additional order, judgment, decree and general relief as is meet and proper in the premises, and for costs of suit.
